## Medinah Shriners Charity Golf Outing

Traditionally this golf outing was called the AI Daily Golf Tournament. While our branding has changed slightly, our mission has not. Our charity golf outing is to still to support Shriners Children's Chicago who provides the highest quality care to children with neuromusculoskeletal and craniofacial conditions and other special healthcare needs within a compassionate, family-centered and collaborative care environment. We provide the education of physicians and other healthcare professionals. All the while conducting research to discover new knowledge that improves the quality of care and quality of life for children and families. ***This mission is carried out without regard to race, color, creed, sex, or sect, disability, national origin, or ability of a patient or family to pay.*** We are among the best at transforming children's lives by providing exceptional healthcare through innovative research, in a patient and family-centered environment.

This year we will return to the Bloomington Golf Club for our event. As you are aware, no fundraiser can be a success without the generous help of the community and the businesses. I have enclosed a copy of our sponsorship levels and the benefits they include. Please review and choose the best sponsorship level to help our children. Remember, any amount is helpful; you can always make a general donation in any amount!

### The Mission

The Medinah Shriners Charity Golf Outing is a day of golf and fellowship to spread awareness and raise funds for the pediatric specialty care at Shriners Children's regardless of the family's ability to pay or insurance status.

### The Vision

The Medinah Shriners Charity Golf Outing will be the host up to 144 participants from our community who will use the game of golf as opportunity to network and connect with a variety of community members on the best location possible to treat children with specialty medical needs in the areas of: orthopedics, spine/spinal cord injury/scoliosis, cleft lip and cleft palate/ craniofacial differences, rehabilitation, or burn treatment regardless of the family's ability to pay or insurance status.

### Sponsorship

We are seeking sponsorship opportunities, the different levels are listed below in the table. If you have an idea of what your business, corporation, and youth sports team, family who is, sponsoring would like differently than the option listed below please reach out to us. These are fluid and we can make almost anything work for your budget and benefits. ***No donation is too small!***
